APPROVAL OF STATE ENGINEER

This is to certify I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of Reed Spring as heretofore granted under Permit 3853, Certificate 2331 is issued subject to the terms and conditions imposed in said Permit 3853, Certificate 2331 and with the understanding that no other rights on the source will be affected by the change proposed herein. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of cattle served from the water of this source.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.001 cubic feet per second, but not to exceed sufficient water for 30 cattle.

Work must be prosecuted with reasonable diligence and be completed on or before October 4, 1992

Proof of completion of work shall be filed before November 4, 1992

Application of water to beneficial use shall be made on or before October 4, 1993

Proof of the application of water to beneficial use shall be filed on or before November 4, 1993

Map in support of proof of beneficial use shall be filed on or before N/A

Completion of work filed..... IN TESTIMONY WHEREOF, I R. MICHAEL TURNIPSEED, P.E.
State Engineer of Nevada, have hereunto set my hand and the seal of my

Proof of beneficial use filed..... office, this 4th day of October
